

Eco Biotech Co.,Ltd.

PROJECT NAME (Ingredient Trade Name): Actical (High Activated Calcium)

Active Ingredient Scientific Name: Activated Calcium Oxide (Activated CaO)

1. Supporting Evidence (Efficacy/Functionality):

Provide all supporting literature and research studies, publications, protocols, and analytical assessment.

Please separate data into:

- Mechanism of Action/s (MOA) : Removal of Microbes & Pesticides By Ca++ Ion & pH
- Chemistry/Characterization data : Analysis datas are Exist
- *In vitro* bioassay data : Analysis datas are Exist
- *In vivo* testing (Laboratory, Animal, and Human Clinical Studies) : None
- *In vivo* testing : None
- Clinically tested
 - Provide studies done by Company on the ingredient.
 - Total number of clinical studies completed?
 - Study design? (number of subjects, duration of the study/ies, double-blinded, placebo-controlled, case controlled, etc.)
 - Percent response rate?
 - Dose and delivery form used in the study/ies
- Published or not published, and in which journal/s?
- Recommended Delivery form/s?
- Recommended dose/s? (mg per day)
- Collaborating Organizations, professors or University Affiliations
- Conclusions from the studies

2. Intellectual Property / Exclusivity

Provide an IP Portfolio summary to include:

- Provide patent information : Patent is acquired
 - Provisional/non-provisional/PCT/
 - How is the patent unique, compared to competition? : Very unique
 - Number of patents? KOREA 0270228
 - Patent Type? (Process, Application, Combination, Composition, or other) : Process
 - Patent Number/s, title, abstract, claims and application/issue dates
- Describe exclusivity options (MLM, all markets, global, etc.) : All Type is OK
